

18 March 2020

Dear Yarra Valley HC community,

Due to the ever emerging events re COVID-19, the Yarra Valley Hockey Club General Committee has made the decision to suspend active hockey activities until 1 April.

This means the suspension of all training sessions and practice games for the month of March. I hope you recognise this as a prudent course of action given circumstances. This means there will be no Women's or Men's or Junior's practice games from now until at least Wednesday the 1st of April. Administration and maintenance activities will continue.

Quite simply things are moving too quickly for us to provide any further commentary than that. There will be many questions from our hockey community. The YVHC General Committee are currently working through the implications of this temporary suspension. And also the implications of a season closedown.

Our key goal is to ensure we reinforce the social distancing strategies that the government is recommending within communities. People's health and safety is our highest priority. We continue to review the situation and prior to the conclusion of this 14 day stand down and the planned HV senior season opening will communicate further with you.

Regards

Craig Lovel

VP YVHC
